White Christmas

All the young hearts in town gave a glad
leap on Saturday as the snow storm left a
clinging blanket on the trees and shrubs
for a classic old fashioned, white Christ-
mas. This is the topping on the cake for
a season which has had some wonderful
Springlike shopping days. This is typical
New England weather - a little of some-
thing for every taste.

The Mattapoisett Town Hall has been very
attractively decorated, thanks to the High-
way Department which furnished the trees
and to Charles Avila, Norman Soares and
Calvin Dexter of the Police Department who
did the work of decorating.

At night the town is truly beautiful with
the lights. The boat ablaze with lights at
the wharf stands out as does the Christmas
tree on the roof of the big, converted barn
on Water Street. The Widow's Walk on Bar-
stow Street, across from the Library, is
another spectacular place for a tree. There
are many, many very colorful decorations
and they should be even more beautiful

New Year Greetings

Once again the holiday season affords us
the opportunity to thank you all for your
patronage and friendship, and to wish you
the very best for the year ahead.

It was voted to have the State Grange news sent to Master Harris and Lecturer, Mary Beth Breton.

The lecturer's hour opened with a Christmas candle lighting ceremony at the altar. The script was read by Mark Harris telling the story of the red, green and white candles, symbolizing the star which shed its light to guide the wise men as they travelled to pay homage to the Babe of Bethlehem.

While the reader read, the lecturer, Mary Beth Breton, lit the candles.

Christmas songs and carols were directed by Past Junior Master, Doris Fearing, with Mr. Walter Caswell at the piano.

The game for the program was a circle of Juniors passing a wrapped Christmas gift to music with Joseph Alves the last to hold

Prospective YWCA members interested in skiing are invited to call about this exciting trip, offering skiing by day, and a swimming session on Saturday evening. Call the "Y" for details.

Shaker Village School features outstanding slopes and trails, and conditions where teenagers can ski under situations that are fun and exciting.

Mrs. Beatrice Whelan, pool director, reports that American Red Cross certificates were awarded to those successfully completing the following courses: 63 beginners, 45 advanced beginners, 8 swimmers, 2 advanced swimmers, 10 junior life saving and 13 senior life saving.

The fall swim program ended December 16th, and the winter term starts January 2nd. Registrations are open now.

YWCA teenagers are invited to join the Solo Parents trip arranged for their children to go to Boston to see the Ice Capades on January 7th. The bus leaves the "Y" at 3 P.M. and returns at approximately 9:30. Reservations and deposit must be made at once with Mrs. Baker at the YWCA.

Living With Your Heart

START THE NEW YEAR RIGHT

"Resolved, that I will begin a program of physical conditioning to make me feel better, look better and increase my chances for a longer, healthier life."

You could give yourself no better a start in 1968 than to make -- and keep -- this New Year's resolution; not just for heart health but for all-around well-being. Unless you already walk several miles daily or otherwise provide yourself with moderate exercise every day, you will find the benefits of such a program enormous. Your muscle tone will improve rapidly, your circulatory system will grow stronger and more efficient, and you will find renewed energy and vitality.

Study after study indicates that the man or woman who keeps himself physically fit throughout life becomes ill far less often, and is better able to recover from even a serious illness than the less physically active person.

A good way to start is to walk instead of

Special additive in today's Shell Heating Oil helps give more warmth per gallon, top heating performance

There's a new additive in today's Shell Heating Oil. Called FOA-5X, this Shell product works round the clock to protect your fuel system—from storage tank to burner head. FOA-5X helps reduce build up of heat-robbing deposits that can collect in critical areas of your burner. It lets Shell Heating Oil burn in a radiant, even flame. It helps reduce service calls and expense. The result: more warmth per gallon of fuel—top performance at minimum cost. Before you buy your next gallon of heating oil, call us. We will give you complete details about Shell Heating Oil with FOA-5X and about our service.
